Nama Jurnal	:	Borneo Journal of Pharmacy
Index	:	Jurnal Nasional Terakreditasi, Terindeks di sinta 2
Judul Jurnal	:	<i>Phytochemical Screening And Antioxidant Activity Of Ethanolic Extract Of Cawat Hanoman Stem (Bauhinia aculeata L.) using DPPH Method</i>

No	Item	Tanggal	Halaman
1.	Submitted journal	1 Februari 2020	1
2.	Accepted submission journal	20 Februari 2020	2
3.	Revisi journal	27 Februari 2020	2
4.	Published journal	27 Februari 2020	3

### 1. Bukti submitted journal

The screenshot displays the author dashboard for the Borneo Journal of Pharmacy (OJS). The page title is "1245 / Muthia et al. / Phytochemical Screening and Antioxidant Activity of Ethanolic Extract of Cawat Hanoman Stem (Bauhinia aculeata L.)". The submission is identified by ID 4852-1, submitted by rahmi, muthia, and akhira on February 1, 2020. The document is a manuscript. The dashboard includes sections for "Submission Files" and "Pre-Review Discussions".

ID	Author	Date	Type
4852-1	rahmi, jurnal rahmi muthia akhir	February 1, 2020	Manuscript

## 2. Accepted submission journal

The screenshot shows the author dashboard for the Borneo Journal of Pharmacy. The 'Review' tab is active, and the 'Round 1 Status' section indicates that the submission has been accepted. Below this, there is a section for 'Reviewer's Attachments' which is currently empty. The 'Revisions' section contains a table with one entry:

Revision ID	File Name	Date	Type
4959-1	Article Text, 1245-Article Text-4853-1-4-20200201.docx	February 27, 2020	Manuscript

## 3. Revisi journal

The screenshot shows the author dashboard for the Borneo Journal of Pharmacy, focusing on the 'Revisions' section. The 'Revisions' table is identical to the one in the previous screenshot. Below it, the 'Review Discussions' section is empty, with a table structure as follows:

Name	From	Last Reply	Replies	Closed
No Items				

## 4. Published journal

The screenshot shows a web browser displaying a journal article page. The browser's address bar shows the URL [journal.umpr.ac.id/index.php/bjop/article/view/1245](http://journal.umpr.ac.id/index.php/bjop/article/view/1245). The page features a navigation menu at the top with options like Home, About, Journal Policy, People, Issue, Submit Article, and Announcements. The article title is "Phytochemical Screening and Antioxidant Activity of Ethanollic Extract of Cawat Hanoman Stem (*Bauhinia aculeata* L.) using DPPH Method". The authors listed are Rahmi Muthia, Muhammad Hidayatullah, and Rahmi Hidayati. A small image of the plant stem is visible. On the right side, there is a "Downloads" bar chart showing activity from May to April, with a peak in March. Below the chart, it indicates a Read Counter of 545 and a Download count of 396. There is also a "Citations" section showing 0 citations. The article was submitted on 1 February 2020 and published on 27 February 2020. The page also includes a "Share Now" button and a "Check for updates" button.
